

TWO-WAY RADIO PRODUCTS FOR: THE PUBLIC SAFETY INDUSTRY

Public Safety departments can cut 20% of their communication equipment costs immediately. Two-way radios and accessories are required for public safety teams. The cost of this equipment is a part of operating expenses so when departments are able to secure better pricing through a vendor partnership those savings go directly back to the bottom line. Funds can be re-invested to satisfy other needs for the teams. Impact works directly with Public Safety teams to provide high-quality products at the most affordable price to ensure long-term success.
